# **Updates on Sexual and Gender Minority (SGM) People in Hawai'i**

The Hawai'i Sexual and Gender Minority Workgroup

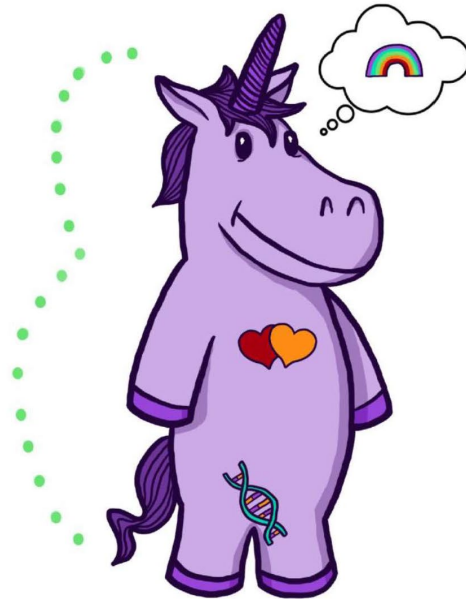

## **PRESENTATION DESCRIPTION:**

*People from sexual and gender minorities (including lesbian, gay, bisexual, queer/questioning, intersex, and other people) in Hawai'i may face discrimination and challenges in many settings, including the criminal justice system. These stressors can lead to health disparities, including mental health and substance use, throughout their lifetime. This training will provide an overview of local impact on SGM youth, and cultural considerations with working with both SGM youth and adults.*
